Figure 1 displays various map symbols and their corresponding labels. The symbols are arranged in a grid, with labels placed to the right of each symbol. The labels are: Highway, Secondary Road, Jeep Trail/Walkway/Ferry, Railroad, Military, Pipe/Power Line, Ridge/Physical Feature, Property/Fence Line, Nonvisible Boundary, Inset, Stream/Shoreline, Intermittent Stream, River, and Glacier. The symbols include solid lines, dashed lines, lines with cross-ticks, dotted lines, blue dotted areas, and grey rectangles.

Where international, state, and/or county boundaries coincide, the map shows the boundary symbol for only the highest-ranking of these boundaries.

- <sup>1</sup> A "0" following a place name indicates that the place is also a false MCD; the false MCD name is not shown.
- <sup>2</sup> In 1990, the crews-of-vessels population of ships at sea was allocated to census tracts with a ".99" suffix. An anchor symbol appeared on the 1990 maps locating a crews-of-vessel tract. These maps show a very small area symbolized as a census tract with the census tract number shown near the area.
- <sup>3</sup> A "\*" following a block number indicates that the block number is repeated elsewhere in the block.
